

CALANDRAS HEATJET

HeatJet 24

- Transfer width approx. 65 cm, passage width 70 cm
- Media width approx. 61 cm
- Speed max. 1 m/min
- Temperature adjustable to 220°C, sensor controlled
- Media thickness max. 5 mm
- Voltage 220 V, power max. 1,4kW
- Safety: 2 emergency pushbuttons
- 2 media holder and 2 rewinder
- Drum diameter 16,2 cm
- Digital controller
- Cool-down timer
- Weight 70 kg
- Dimension: 99x40x54 cm

HeatJet 44

- Transfer width approx. 115 cm
- passage width 120 cm
- Media width approx. 115 cm
- Speed max. 1 m/min
- Temperature adjustable to 230°C
- Media thickness max. 5 mm
- 4 media holder and 2 rewinder
- Voltage 230 V, power max. 2 kW
- Safety: 2 emergency pushbuttons
- Cool-down timer
- Connection 230 V, 3-pin plug
- Drum diameter 16,2 cm
- Stand with rolls
- Weight 140 kg
- Dimension: 153x43x110 cm

CALANDRAS HEATJET

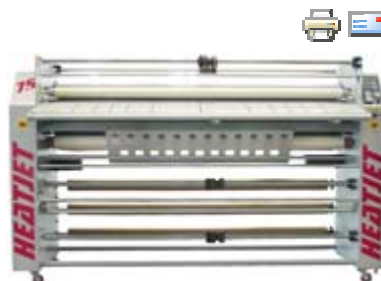

HeatJet 70evo

- Transfer width approx. 170 cm
- passage width 184 cm
- Media width approx. 165 cm
- Speed max. 1,9 m/min
- Media thickness max. 5 mm
- 4 media holder, 2 rewinder
- Rewinder are adjustable and detachable
- Temperature adjustable to 230°C
- Voltage 380 V, 3 phase, power max. 10 kW
- Safety: 4 emergency pushbuttons with automatic return movement
- Cool-down timer
- Connection: CEE 3x 32 Ampere
- Drum diameter 21,5 cm
- Stand with rolls
- Weight 420 kg
- Dimension: 226x75x132 cm

HeatJet 75evo

- Transfer width approx. 185 cm
- passage width 205 cm
- Media width approx. 186 cm
- Speed max. 3 m/min
- Media thickness max. 5 mm
- 4 media holder, 3 rewinder
- Temperature adjustable to 230°C
- Voltage 380 V, 3 phase, power max. 18,4 kW
- Safety: 4 emergency pushbuttons with automatic return movement
- ray system
- Cool-down timer
- Connection: CEE 3x 32 Ampere
- Drum diameter 35,5 cm
- Stand with rolls
- Wight 750 kg
- Dimension 246x85x153 cm
